Applying medical terminology worksheet answers

On the Case: Scenarios in Medical Terminology, Case #1 by The medical terminology worksheet is centered around a patient scenario. Following the scenario is an exercise that asks the student to identify terms and abbreviations in the scenario. Next is an information section that speaks to a few of the terms that appeared in the scenario. Internet addresses are provided so that the student can dig deeper. Finally there is a critical thinking question.MEDICAL TERMINOLOGY-PREFIX/SUFFIX ASSIGNMENT by Students underline the correct prefixes and suffixes (identify and complete the appropriate terminology in a fill-in-the-blank activity) in this 3-page quick review. Students also learn about different areas of medicine based on their meanings. This activity is suitable for students in medical/health training programs (nursing, MOA, MLA).Decoding Medical Terms by Activity for medical terminology. Students must identify and define prefix, suffix, and word roots. Activity can be done as a group on poster/butcher paper, or printed out for students who are absent. I make a few copies and distribute half sheets to each group along with a list of common medical prefix, suffix, and word roots.Spanish AAC Communication Board for Basic Needs for Hospitals & Schools This product is a collaboration with @Spanish4SLP! -----*DIGITAL DOWNLOAD*Includes: 2 sizes: 5 x 7 and 2.5 x 4-----DIGITAL DOWNLOAD PURCHASE INCLUDES: 8.5x11 PDFs-----Print on your personal printer or send out for printing from a print shop.-----TERMS OF USE These files are intellectual property of this shop and sharing is strictly prohibited.
